Smoke Signals February 2019

“But we thank God who gives us victory through our Lord Jesus Christ” 1 Corinthians 15:57

We are so thankful that God provides wonderfully...

There are so many things for us to be thankful for this year. We are starting to get into the season where ministry teams from all over the country come to help AICM with work projects and ministry. We enjoy when these teams come out and help with the kitchen duties. The encouragement and physical help they give us is priceless. The teams that have visited us this year have been great. We also had three interns from Indiana spend several weeks with us. The challenges of selecting, ordering and preparing meals for the school students, staff and teams can be overwhelming at times. God is always faithful to provide the strength and help needed just at the right time. Margaret has been struggling with her eyes, but the kitchen team has stepped up to keep the department rolling. Keep Margaret in your prayers and please keep the kitchen team in your prayers as we keep the troops fed.

Do you feel called to missions? Please check out our open service positions at www.aicm.org and pray about it.

Here it is the end of March and I am just getting the February news letter out. Where does the time go? A lot of really good stuff has been happening and God is always faithful. We have had two mission work teams spend some time ministering and working with us this month. With their help we were to reach more communities with the good news of the saving and transforming power of Jesus Christ. We are so thankful for hands and feet that go out to the reservation with us to shine the love of Jesus to hundreds of children each week.

We are thankful for these teams for spending some time encouraging the staff. The constant ministering in this difficult environment plays a toll on the body, mind and spirit over time and sometimes we need to be loved on, encouraged and spiritually nurtured. We are also thankful for the physical work the teams help with that keeps the mission working. We have about 400+ feet of the new trail done. The teams helped put flooring, paint and new doors on one of the staff dorms. We have also been in spring clean mode and they were very helpful in getting buildings throughout the campus cleaned. Please keep us in your prayers as we continue to reach out that God will give us the strength, the wisdom needed, the staff needed and for protection for us all.

If your church would like an update on the work God is doing on our school campus and on the reservations, or would like a visit from our staff please contact us by phone at 928-537-5912 or email at contact@aicm.org
